

Chapter 1:locked out

Leafy's POV:

Firey won dream island good for him! He deserves it, At the gate he let everyone in even coiny and flower, he's such a kind soul, but when I got near the gate firey stopped me said I couldn't be let in because I wanted to get off a deadly ride he explains why, and closed the gate.

Later that day I was just crying, I found myself a fake friend who just used me to get closer to victory and...I fell for it.

I thought about all the thinks me and firey did together,It was all for nothing my sadness got mixed with hate for firey, I wanted revenge, but I knew the other would hate me if I stole dream island, so I just sat there crying, I get locked out of dream island for wanting to get off a ride that would kill me! Then I see someone walk up to me saying "HEY"

Chapter 2:The deal

(Let's just get the straight: I'll say if there someone else's POV the unnamed POV'S is the author POV)

???:hey are you ok?

Leafy:no*sniff* I found out that I had a fake best friend!*sniff* But who are you and why do you care

???:I'm six and I care because I believe that everyone needs a friend or revenge

Leafy:revenge?

Six:Yea I can help you get revenge using cards!

Leafy:cards? CARDS!WHAT ARE THEY GONNA DO!?!?

Leafy gets up the ground!

Six:not just any cards, they take the body,and power of the person and you take the power!

Leafy:oh...will how do I get them?

Six: shake my hand and then you'll become the next owner of the cards

Leafy thinks for a minute before thinking about what firey did, she wants him to pay he doesn't deserve such a perfect island for being a jerk!

Leafy:ok! I'll do it

They shake hands and the cards magically transferred to leafy giving her a bow and making her stem or tail grow longer then before...but

sometimes was different, she couldn't feel any other emotions but anger and vengeance

Six:oh yea you may not feel anything but anger and vengeance,also you work for me an-*leafy laughing*

Leafy:*laughing for a few more seconds* you really think I'm working for you! Your funny, I got what I needed so your useless, bye bye six*throws a card at him*

Six:oh no ahhhhhhhh-*gets sucks up into card*

Leafy picks up the card with six on it

Leafy:time for revenge! You'll pay firey!YOU'LL ALL PAY!

Chapter 3:the plan starts

Firey's POV:

Maybe I should apologize to leafy for not letting her in, I walk up to the gate and open the door I look around and saw nothing there. I close the door and jump at the site at leafy

Leafy:hello firey, I was about to talk to you

Firey:holy shit! I-don't do that again

Leafy rolled her eyes

Leafy:whatever, I want to ask you about dream island

I get up and look at her blank expression

Firey:what about it?

Leafy:is it fun in there?

I took a minute to respond

Firey:it's more fun with friends, why you ask?

Leafy:will I was thinking about being entertainment for the people on dream island

Entertaining people huh...meh seems like leafy. Plus this can be my way of saying sorry

Firey:sure *opens gate*

Leafy:thanks firey

She smiles and walks inside but the smile seem like a grin...meh

probably me seeing things leafy would never do something bad nor evil...but when did she get a bow?

Author's POV:leafy walks in with a evil grin on her face! Her plan was now in motion

Chapter 4:missing

Ever seen leafy got on dream island, people started going missing without a trace. So everyone left except for leafy

Firey:why don't you wanna leave with us leafy?

Leafy:Why should I leave such a luxurious island! I wanna stay here

Firey:well what about the people going missing?

Leafy:I'll be fine! It's better if I stay here!

Firey was confused on why leafy wants to stay but gave her a paper saying she owns the island now! Leafy smiled, but when Firey left leafy's generous smile faded into a mischievous one she could do what she wanted with the island and she had the perfect idea.

Coiny:So you just gave her dream island!?

Firey: I mean-yea,she didn't want to leave should a "luxurious place" So I gave it to her so she can do whatever with it

Coiny:Are you sure she won't do anything bad with this island?

Firey:I'm positive! Plus she will probably fix 1 or 2 things!

Coiny:ok whatever you say...

Chapter 5:new victim

It's been 5 months after the incident with the missing people, no one knows who did it still but coiny thinks leafy did it, because she's been "acting weird ever since she was on the island" so coiny sneaks into dream island and looks for leafy.

Coiny's POV:

Leafy's changed the place little bit, like firey said she just added a few houses here and there and something in the center of dream island looks like a machine was on top of the tall building must be for WiFi, but she up to something I know it but I can't get to close to her though because then she'll know somethings up... after a few hour of looking I found leafy entering the tall building I saw before, then after a hand print scan a secret door opens I quietly enter it too and go in the shadows but and saw leafy hold a long paper writes something on it then leavewhen leafy left I look around before looking at the paper there were cameras everywhere on dream island. Then I look at the paper it was a list of...I was stun, it was THE PEOPLE WHO WHEN MISSING! Fanny had a check next her name, snowball had the same, all the names did, why did leafy have this, I got to one name that didn't have a check it was MY NAME! I pull out my camera and took pictures of it but then I heard the door open again. Then hear leafy's voice.

Leafy:hello coiny! I see you found my little secret!

I jumped a bit from leafy's voice

Coiny:why are the missing peoples names on there!

Leafy:oh they were just people that knew to much about my plans...so I had to make them into cards

Leafy shows me a deck of cards of all the missing people! What a

psycho!

Coiny:so what are you gonna do? The same to me!?

Leafy:of course I am you know too much now!

She pulled out a blank card must be the card she used on them too she throws it at me but I dodge it but I felt as if I was still being stucked into it

Coiny:Whoa! Please don't do this to me leafy!PLEASE!

Leafy:maybe if you kept to yourself none of this would happen! Bye coiny!

The last thing a saw was leafy putting a check on my name then, it was all blank.

Chapter 6: The show starts

Leafy leaves dream island because she need some more parts on a project she's making. Then she runs into firey and pin.

Leafy: Hey guys! What's up?

Firey: coiny's missing and we don't know where he is have you seen him?

Leafy beginnings to sweat a bit, she need to lie so they don't get to suspicious.

Leafy: No I haven't maybe he when on a quest for something. You know how dangerous he is

Firey: yea I guess your right but if you see him call us

They walk away and leafy lets out a sigh in relief and find the parts she needs and goes back to dream island.

Chapter 7:The god

It's time, leafy's revenge was overdue because of people trying to stop her but now with the machine that she made she can take all the powers of everyone here and become a god!

Leafy:FINALLY NO LONGER WILL I BE NEGLECTED AND STEPPED ALL OVER BECAUSE OF MY NICE ACT! NOW THEY'LL ALL SEE THE REAL ME!

she turned on the machine and...ZAP a white light beam goes around sucking [👹👹👹] the power out of everyone! Firey,flower,teardrop everyone! Some knew she had power but some only used the weak ones and other didn't know at all!

Leafy:YES! THEY'LL SEE WHAT IT'S LIKE TO FEEL PAIN! LIKE I DID WHEN I GOT REJECTED BY MY "BEST FRIEND!"

After the machine was done leafy then took the magic inside it then she felt a bit more powerful like she can do anything but she didn't know how to control it she didn't think the plan all the way through, she had to control her power without anyone knowing she had such power so she went to the secret door and grab six's card

Leafy:I think it time I let you out old friend!

She grins, she thinks about her having total control of everyone and punishing firey everyday in front of everyone!

Leafy:I can't wait to see what everyone thinks of there new god!

epic duh duh duh I had a writers block writing this also that machine was sucking alright how about they suck more then powers

My motivation for this book is gone I'm update it but not a lot

Chapter 8:Deal with the devil|

FINALLY HAVE A IDEA FOR THIS SHIT

I have nothing to here I'll use my oc cherry

Leafy walks around wondering if she should free six

Leafy:would it be a risk? Idk what they can do,
They could kill me!

Lost in her thoughts leafy heard a sound

???:What kind of evil scientist lair did I walk into!

Leafy goes to see who that was,and saw a cherry. They walked to the main building and sat outside then started to float. Leafy decided to talk to the cherry.

Leafy:Hello

Cherry:hola! What are you doing here sell kneecaps for the black market

Leafy:Wha-

Cherry:sorry your bow made me think you were a sales women...are you?

Leafy:No I'm not,but why did you get come here?

Cherry:Oh this girl named golf ball told me to come here cuz she thinks that a "power sucking zap" did something. First of weird as heck and secondly why do you look like I know you..

Leafy:...No...

Cherry:ok but I'll do anything for you

Leafy had a idea...a sinister one

Chapter 9:Leafy's rules

Ok time to finish this book so I can do my other idea's...

After months of training, leafy learned how to get use to her powers, but when she did she locked cherry in a cage that prevents magic. Leafy walked up to everyone and grinned...

It's time...

After a few minutes leafy had everyone in her control

Leafy:that was just too easy.*chuckles* Oh how long I've waited for this day

Firey:What do-what do you mean by that?

Leafy:Oh firey...does the day you locked me out of dream island ring a bell?

Firey:What... I thought you forgave me for that,I-I let you in after

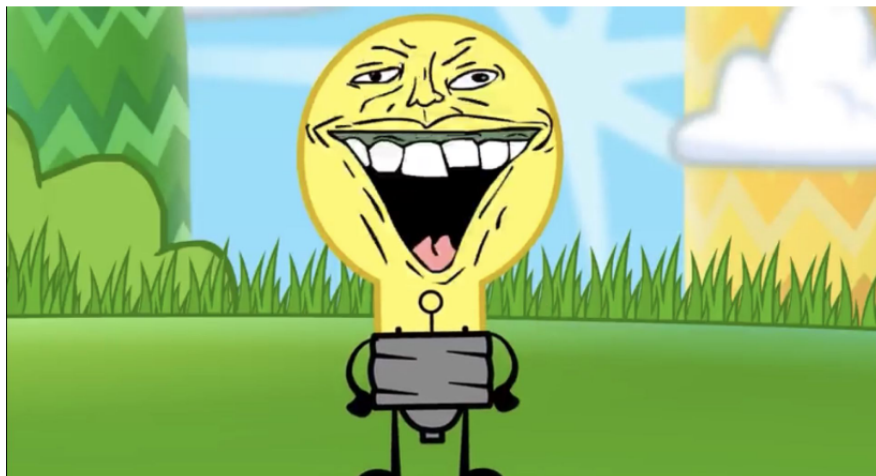

Leafy:yea but you were to late, I made a deal with a friend making me feel nothing but anger

Firey had nothing to say he expected whatever fate leafy had for him... they all did

Years later

Everyone had gotten use to their fate as a slave for leafy everyone but Firey, he had it difficult... everyday, everyone would come and watch Firey suffer to whatever torture leafy had for him. Some days he would be dropped into water for a few seconds, stabbed,or just die in a painful way. Everyone wanted to help the poor flame but no one could match leafy's power and status...at least no one they knew...

Uh oh leafy won...or did she!?

Fun fact: I remember all the II characters, yet barley remember half the BFB characters

Chapter 10: last straw

Golfball's pov:

Leafy gave me the job of being a scientist for her, I was forced to build what she said and if I didn't follow her request or do it the way she likes it she'll zap me, one night I took her cards, something about them didn't seem right

Tennisball: I don't think this is a good idea we're gonna get in trouble

Golfball: only if we get caught my friend, AHA I knew something was up with these!

Tennisball: what is wrong?

Golfball: they have the people who when missing years ago, so she told them! I'll try to free these people!

Tennisball: ok, but be care-

Leafy: ~~GOLF BALL~~

Golfball: uh oh!

I hid the cards in my pocket, just in time to leafy walks in the room

Golfball: um-he-what-what can I do for you today, my goddess?

Leafy: someone stole something from me. Find who did it! And if you don't bring them too me, I'll just punish you along with firey!

She walks away, I sighed

Tennisball: so now you only have a few days to find out how to free them! This is horrible!

Golfball: Shush tennisball, I think I found something!

After finding out how to free everyone for the deck I took them to my secret room

Golfball: ok is everyone ok?

Fanny: I HATE BEING TRAPPED

Coiny: what happened why does everything look so weird outside

Golfball:Oh that a long story but to make it fast leafy took over goiky island

Everyone gasped,I was about to explain how everyone needed to stay quiet but then I see I weird looking object

Golfball:Who are you

I point to the stranger

Six:I'm six,before you ask why I was in the deck I just want to say I have leafy the cards and made her this way...

Everyone was silent

Six:before I get attacked I just wanted to say, that I just gave her the cards to get revenge on one person,if she went to far I would had stopped her but then she trapped me in the cards so I couldn't stop her *sigh* I'm so stupid!This is all my fault

Fanny:...I HATE LEAFY!

Coiny:we all do,but is there a way to stop her

Tennisball:she's too powerful if we tried she would kill us all

We all look at six

Six:don't look at me I can't do much, well until we get more cannon stuff about me

(Stop breaking the fourth wall)

Coiny:well there has to be something to match leafy!

Then it hit me! Cherry! The most chaotic being with powers born inside of them! I look at the camera's to see her in a cage next to firey's! Bingo.I told everyone to stay where they were and leave to find cherry and save everyone here!

Cherry is gonna save the day!

Chapter 11:last straw part:2

Golfball made it to the cages and quietly made there way to cherry's and free them. Then the head back. They also free firey after him begging the be free.

Golfball:now that we have you we can free everyone from leafy

Cherry:ok that will be easy, but delaying her rule wouldn't do much we need something that will stop her for good

Six:I have something,I made this special card to trap the person I control, if they break free from my control.

Golfball:ok we just have to get close the her without dying

Cherry:just leave that to me y'all just free the others

They all go to leafy. And as they thought leafy wasn't going down without a fight. And so the battle to save goiky island began.

Hours of fighting goes by and leafy still isn't tired

Golfball:I think it time we use the card...HEY CHERRY

Cherry:oh looks like it's finally time

Cherry goes to the other's

Leafy:leaving so soon. How sad!

Cherry comes back with the card and races to leafy who would had dodged it if cherry hadn't grabs her foot

Leafy:uh oh,uhhhhhhhhh truce?

Cherry:hmmm how bout...no

Leafy:I'LL BE BACK AND I WILL RULE GOIKY ISLAND AGAING JUST

Leafy disappears into the card, it's over everyone could live it peace

Powers and vengeance...Chaos.

Time for my yearly complaint about this trash ahh becoming popular

Tell me, why do u like this? What made u read this, plot, characters, or is it just because leafy is in the book

Also Ik I'm been saying for two years now that the sequel is coming, but I swear I'm making it!!

An Audience Without an Actor

"You are a mean person and I do not believe you deserve to be on dream island!"

Those words were the only words that linger in Firey's mind as he sat on the floor, that one sentence was enough to send someone down a path of vengeance, that put everyones lives in danger. He sat, just thinking. As much as he regrets saying he missed Leafy. Even after all the torture she did to him, he knew it wasn't truly her.. right?

Firey: *Why was I so foolish..*

Firey: *I should've just let her on..*

Firey: .. I miss you Leafy..

Plz read my other books in the meantime
Plz I wanna be ranked again ;-;
